Strategic Business Units

Ship Building: Built over 193 vessels of different sizes and types including Bulk Carriers, Tankers, General Cargo vessels, Offshore & Inshore Patrol Vessels, Survey Vessels, Passenger ships, Drill Ships and tugs. HSL has delivered a Fleet Support Vessel which is of high complexity and first of its kind ship for Indian Navy.

Ship Repair: Repaired about 2000 vessels including about 100 Naval /Coast Guard Ships, Offshore rigs, platforms, ships from SCI, ONGC, DCI.

Submarine Retrofit: As part of the "Make in India" initiative, HSL has put in efforts for indigenisation of equipment required for ship construction & repairs. Yard has a unique & dedicated facility for retrofitment of EKM class submarines of Indian Navy. Successfully completed Medium Repairs & Modernisation of INS Sindhukirti and INS Vagli. Completion Normal refit of INS Sindhuvir ahead of schedule showcases the capability of the yard towards undertaking the refit of EKM class submarines.
